

20!!

To The Class of 2011

Definition of a Successful Life

To laugh often and much;
To win the respect of intelligent people
And the Affection of children;
To earn the appreciation of honest critics
And endure the betrayal of false friends;
To appreciate beauty,
To find the best in others;
To leave the world a bit better,
Whether by a healthy and happy child,
A garden patch or
A redeemed social condition;
To know even one life has breathed easier
Because you have lived.

~ Ralph Waldo Emerson

It is with great pleasure that I am addressing you. The last few months have flown by, and you are now preparing to leave the hallways of West Side High. As you prepare to depart, I would like to leave you with a few parting words as you pursue the next phase of your life.

First, always strive for your dreams, because they will and do come true if you are willing to work towards them. There will be obstacles that you will have to overcome, but they will make you stronger.

Secondly, do not be afraid to fail. By experiencing failure, it will build your determination to achieve your goals. When you experience a failure or delay, it will mean that you have gained great knowledge of how to approach your dreams and aspirations and how to plan your next phase of action.

Finally, remember that no matter what you decide to do in life, always do your best because, at the end of the day, you want to be successful and happy. It is not just about the amount of money you earn or the prestige of your occupation, but that you have truly lived a successful life, according to Ralph Waldo Emerson.

Come back to see us, call us, and even write us a letter. It will always be good to hear from you and to know that you are doing well. There is no greater reward than to see my former students and know that they are doing well.

So it is with much love and respect that I wish you all of life's success and happiness. You are truly special because you are the first graduating of West Side High School under my tenure as Principal.

Fondly,
Mr. Derrick D. Davis
Principal

Vice Principals

Mrs. R. Edghill-Brown

Graduates:

You've achieved this goal. There's more ahead. Stay on the course, focus on your goals, don't sway to the left or right, whatever life brings. You can do it! Roughriders makes us proud!

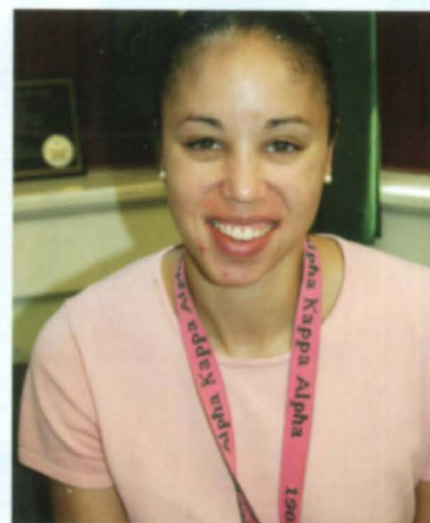

Mrs. E. Haden

Class of 2011,

Congratulations.

For your graduation I hope you have continued happiness and luck because they are very important. I am not wishing you to succeed in everything...that will be too boring. But I wish you to succeed in the most important things in life! So, good luck! But not goodbye!

Mrs. E. A. Haden

Mrs. D. Gronau

To the West Side High School Seniors:

One of my favorite quotes comes from Frederick Douglass. He tells us that "without struggle, there can be no progress." Remember that in life nothing worth having comes without hard work. Choose good friends to surround yourselves with. Be sure that they are people who help you to make positive choices. Take the time to set goals. Think about what you want in life. Do you want to have a job that you enjoy? Do you want to be someone's husband or wife one day? Decide carefully and work as hard as you can and you will be successful. I wish you all the best

FUTURE

By

China Hughes

Future?
Such an interesting concept
Ideas and plans
Already laid out in front of you
But a future...
It's more than just an idea
It's every possibility
Every chance
For something altering to occur
A future is neither bad
Nor good
A future is neutral
Caring not of its effects
Such a future comes
From a biased past
One filled with truth
With lies, with alibis
Crossed with emotions
And actions
This past turns into now
A now riddled with uncertainty
And decisions
Full of memories
And hopes, dreams
Once now turns into then
That's when things turn grey
Who knows
Which path you will choose?
Which wine will you taste?
Whose heart will break?
The one thing about futures
Is that you have to live now
To ever reach them
In an instant, your future
Can disappear
Your now becomes past
And nothing follows
This future
Is only reached
By living through today
Through the memories
Of futures passed
And the choices made tomorrow
The future is far away
A concept hard to grasp
But we'll grasp the future yet
And live it the last

To the class of 2011:
I leave behind all the
memories good and bad.
Also how education is the
key to success, and we
should never forget what
we have learned and the
knowledge we've gained
from it. So this isn't a
goodbye, it's just a new
start and a new
beginning. Remember
"Once a Rider always a
Rider".

Ms. Terryn Daughtry
Ms. Larrisha Love

Graduating Class of 2011:

It is with great pleasure that we congratulate all of you on your tremendous accomplishment. As you move forward to the next phases of your lives, we hope that each of you use the knowledge and experience that you have gained here at West Side High School as a spring board for your continued success in the future. As we bittersweetly say farewell, we would like to leave you with these words by Ralph Waldo Emerson, "Do not go where the path may lead; instead, go where there is no path and leave a trail."

We are truly proud of each and every one of you. Congratulations. You did it!

West Side Debate Team Greater Than the "Great Debaters"

Mr.
Sheffield

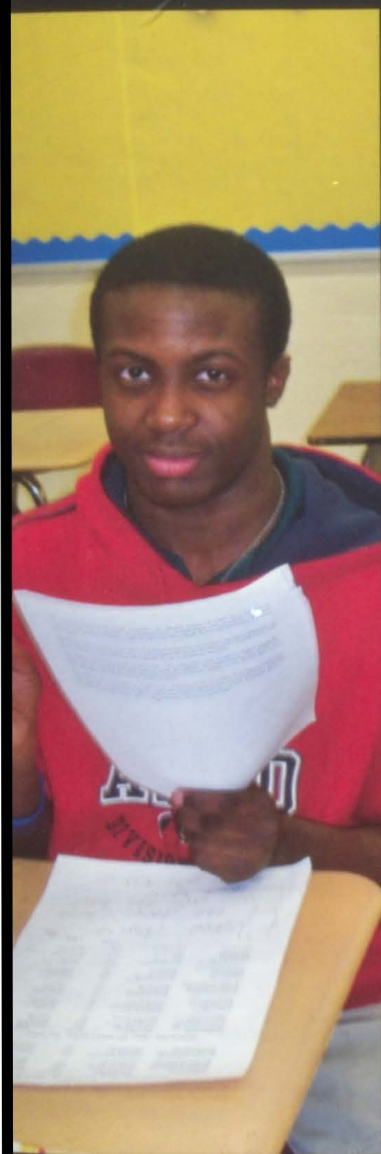

Ms.
Foushee'

This was our first year of coaching and we received the best group of young people in the world to lead. Coming together was the beginning; keeping together helped us progress; working together allowed us much success. You guys demonstrated what constitutes a successful team "a group of many hands but one mind". I am truly thankful for you all to and look forward to greatness from you all.

West Side High School Marching Band, Dancers & Flag Twirlers

In 2009, I was given the opportunity to become the Head Cheerleader Coach and it has been a journey, challenge, and a great experience. Coaching is terrific way for me to give back to the community as an alumnus of West Side. Not only did I always desire to coach a cheerleading team I longed to make a difference in student's lives by teaching them everyday life skills. Teaching them how to become productive young adults with respect and appreciate school spirit and sportsmanship. A team is more than one cheer and a show. Cheerleaders are simply a jump above the rest.

Tamika Dickey

I was a volunteer coach for West Side High School Cheerleading Squad in 2007-2008 and given the opportunity in 2009 to be the Assistant Coach. Coaching students has given me great pleasure to be among young gifted and talent students. I enjoy every moment of coaching. I am enthusiastic and dedicated to learn new skills and techniques. I believe that being a cheerleader: you are capable of demonstrating skills and leading your team to victory. My vision for the current and upcoming cheerleaders is to never allow anyone to take your goals away from you and always remember that cheerleading is a **SPORT!** Cheerleaders always keep their expression and keep their **SMILE!**

Arthur Ruff

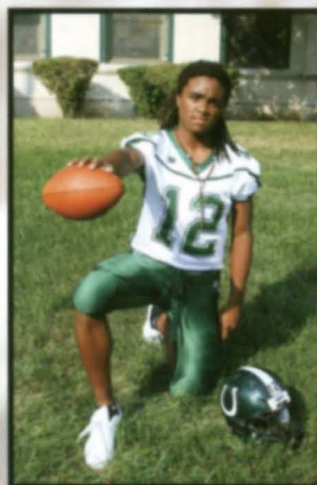

#6

My plan after I graduate is to attend Ucon or VA. Tech. The coach who inspired me was Coach Mac because he showed me that I can be a four year starter at a Division 1 school and go pro straight out of newark. Playing for WS football team helped get me involved with a new family. As we learned each other's background and had each others back in any situation. Football has inspired me and put me in a position were I can say " I will be someone."

-AJ

Brian Byrd

#12

My plan after I graduate is to attend Rutger's University majoring in computer engineering. All my coaches have inspired me because they always told me I was special and that I have something that most athletes don't. Playing football for WS means everything to me because it has helped me become a better person. Football has inspired me to excel here at West Side by challenging me on the field and helping me concur my classes.

-Byrd

My plan after I graduate is to attend college to receive a higher education so I can become a successful black male in today's society. "With knowledge comes the sight of many winners." Coach Bip is a man who has seen this sight plenty of times but just knowing a man of his age who still reads and studies. He inspires me to do the same, even better. Football has inspired me to excel here at West Side by making me do what I have to do and be college bound.

-South Jerz

Aaron Dow

Football is a game of strength, toughness, and discipline. during the course of a game you may watch our Riders make

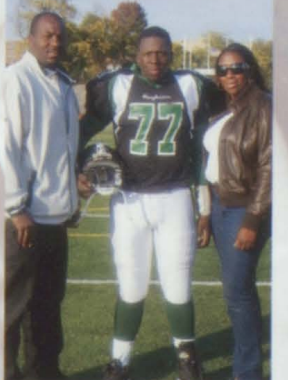

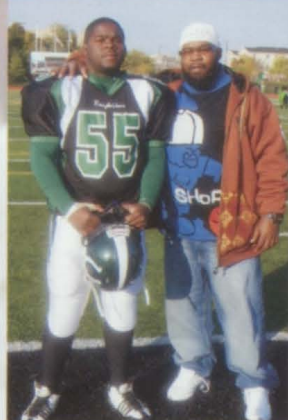

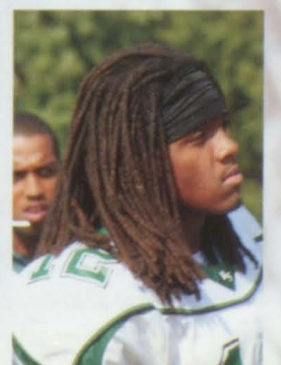

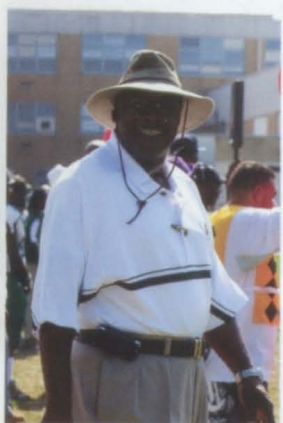

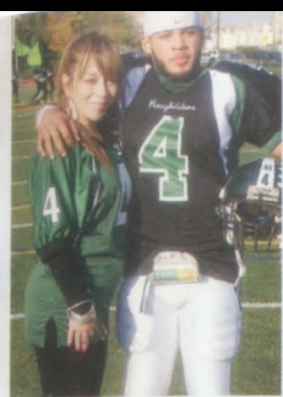

big plays, touchdowns, interceptions, and many other highlights that make us cheer. The thing you can't grasp with just the eye, is the attributes of strong character that's developed before these young men take the field. By many great coaches,

football is referred to as a game of life. You put in countless hours of preparation that in comparison to the actual time spent participating in the game, some may say it's just not worth it. But moving beyond the playing field, in the years that lie ahead, these young men during the best and worst times used their heads during the days when they felt like they could not go on. That's what this game is truly about. Building the character, discipline, and workmanship that applies to real life and not just a game. So despite any record or end of season statistics, the measure of achievement is and will always be, based on what they learned and not what they did. **Go Riders !!!**

Soccer

The West Side High School 2010-11 Soccer season was yet another successful one. Though we won fewer games this year as opposed to last year, we saw the positive growth of a few Freshmen turned Sophomores who we will continue to build around. Their commitment and pride in representing West Side High School was never called in question. Quality Sportsmanship was displayed at all games this season and we are ever proud of the positive strides our team made this year. We are ever grateful to our Athletic Director, Gary Taylor, for supporting this program and providing us with the necessary equipment and resources we needed in order to push the soccer program here at West Side. Coach Tchero and I embarked on rebuilding our team which lost seven regular starters to graduation last June. We picked up the pieces and faced the season with uncertainty. We made several changes: embarked on trial and error, where students learned to play different positions; incorporated students from University and Central High School, which strengthened our team; and adapted a philosophy of continuous teamwork. In doing so, we revamped a team of young, eager learners. It was with this team of young, eager learners that saw us winning several key games that eventually took us into the State Tournament for a second year in a row. Their hard work and dedication to the advancement of soccer at West Side High School will always be remembered.

They all worked together as one cohesive unit, overcoming many obstacles over this Eighteen game season and yet maintained the high standards that our Principal has reiterated.

We scored a total of 34 goals this season, which was almost identical to last year's total. Special mention must be made of Collins Anokye who scored more than half of the team's tally. He recorded a hat-trick twice this season, a first by any member of West Side High School's Soccer Team.

Honorable mention must be made of Christian Ajunachi, Javier Melendez, Oluwatoba Adeoti, Olu Olungundudu, Kingsley Prempeh, Anthony Smith, Robert Goka, Timothy Muriethi, Andrew Reid, Junior Meme, Sherdon Alphonso, Collins Anokye and Vanessa Evans, who gained the respect of their teammates and coaches with their exceptional leadership skills. Thanks to our Principal, Athletic Director, Staff and Students, volunteer Coaches, Julian, "Blacks," and Brian last, but not least, our consistent Bus Driver, Ms Lena who continue to support The West Side High School Soccer Team.

Coach Richardson

The 2010-2011 West Side High School Track Team is very excited about new members. After graduating most of the team during the first year, we are in a rebuilding phase. The team consists mainly of freshman and juniors who have never competed in the sport but are focused, dedicated and eager to grow. Our experienced team Captains Collins Anokye and Arthur Ruff are acting as excellent mentors as well as veteran runner Tishawn Hunt leading this new team to many successes throughout the season. Keep an eye out for these Rough Riders as we continue to build a great Track & Field legacy at West Side High School.

When Athletic Director Mr. Gary Taylor offered me the position as West Side High School Girls' volleyball coach. I was honored and excited to have the opportunity to work with strong, positive young women at West Side High School. During our first year, we encountered several challenges. We began practicing in the middle of the summer in the gym, which was extremely hot. Team members never stopped participating, learning new skills and affording themselves the opportunity to learn to work together as a team. All of our hard work paid off during our first season, with several new players except for two returning players. We were successful in winning several games and maintaining a squad of 27 players. My most memorable event during our first season together was our win over Central High School. The entire team contributed, at the end of the game it was the biggest and best group hug ever. So let's get ready to play volleyball !

The Lady Riders Varsity Basketball Team experienced and enjoyed a successful 2010-2011 campaign. The team qualified for the state tournament for the first time in 20 years and finished the season with a 13-11 record. This is a tribute to all the Lady Riders. The team was led by seniors Eden Obou and Jasmine Townes. Also making strong contributions, was senior Wynequah Moore. The outlook for the 2011-2012 season looks promising with a solid nucleus of players returning. However, the success will depend on players' scholarship, eligibility, attitude, commitment, conditioning, determination, dedication and willingness to win.

Future Business Leaders

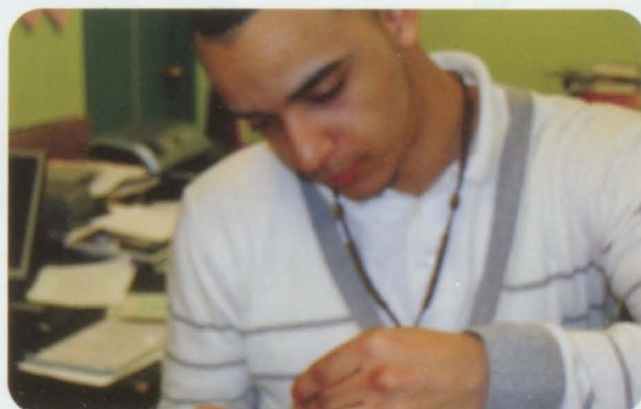

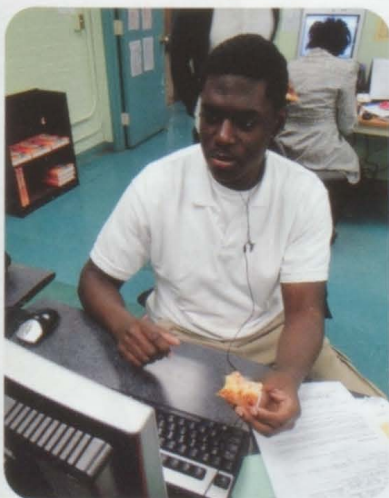

Future Business Leaders

Ms. Blake

"The Future Business Leaders of America-Phi Beta Lambda, or FBLA-PBL, is an American career and technical student organization. FBLA is a non-profit organization consisting of high school, middle, college and professional members. FBLA helps students transition to the world of business."

West Side High School FBLA students organized a Volunteer Event where students visited the Community FoodBank of Hillside, New Jersey. The Community FoodBank is an excellent opportunity for volunteers to have a meaningful volunteer experience while fighting hunger. West Side FBLA Students organized packages, sorted items, cleaned and enjoyed working with their peers at the Community FoodBank. FBLA Students walked away feeling energetic about their experience. This experience was both educational and rewarding, enabling our students to use their talent and physical resources to complete the project given by Omar of the Community FoodBank. All members were thanked for giving of their time and resources and encouraged to come again.

Ms. Kane & Ms. Williams

Teen PEP meets daily (or equivalent) using the structured 16-unit, evidence-based Teen PEP Course Curriculum and the Teen PEP Outreach Workshops.

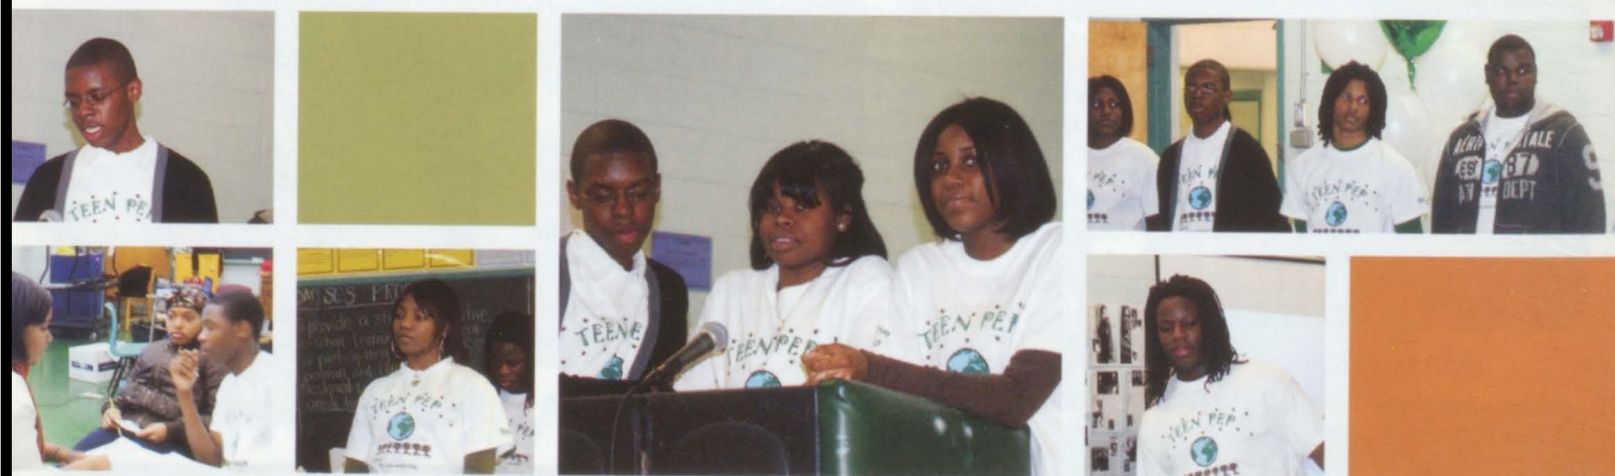

The Peer Educators are a group of 21 junior and senior students who are enrolled in the Teen PEP course. They conduct outreach workshops with younger students and parents.

They have conducted Outreach Workshops with the freshmen classes with topics including pregnancy prevention, postponing sexual involvement, HIV/AIDS prevention, STIs, sexual harassment, homophobia reduction and the affects of alcohol & drugs on decision making.

On February 10, 2011, our Family Night Event, the Teen PEP Outreach Workshop handbook that is facilitated by peer educators and provides parents with an opportunity to dialogue with teens about sexual health issues. The West Side H.S. Teen PEP program was implemented during the 2009-2010 school as Cohort 10.

This year's PeerEducators slogan is: *"Together We Can."*

Fashion Careers Program

The West Side High School Fashion Careers Program, a curriculum written by Ms. Belinda McGuire, for Newark Public Schools, covers many aspects of the fashion industry. Students are recruited in their sophomore and junior year. Participants learn about everything from textile composition and print design to garment construction and the skills necessary to be successful in the retail industry or as an entrepreneur. While the basics are mainly taught in the first level of the program, advanced construction techniques such as draping are taught at the second level along with computerized design, and an introduction to fashion merchandising. At every level, students

learn fabric painting and jewelry making with an emphasis on career connections. Students are encouraged to move at their own pace and to work cooperatively on projects.

In levels two and three, participants are given the opportunity to accrue college credits by attending fashion/business classes at Berkeley College Newark campus through a partnership forged by Ms. McGuire. Berkeley absorbs the cost of instruction while Newark Public Schools supplies transportation and text books. Using a collaborative approach, other subject areas are included in various projects throughout the year such as desk top publishing, music productions, history, office systems, art and more.

At the conclusion of each school year, students present the garments they created in a fashion show which they take the responsibility for producing. The shows are attended by their staff, family, friends and peers.

Robotics

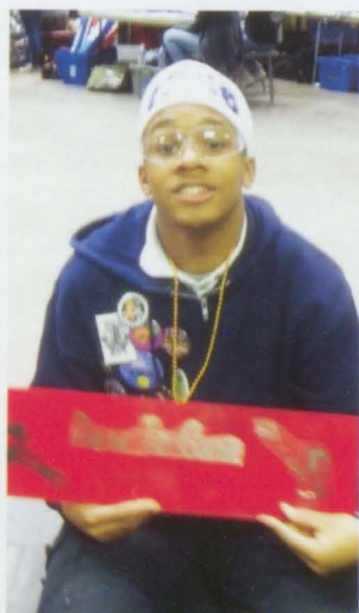

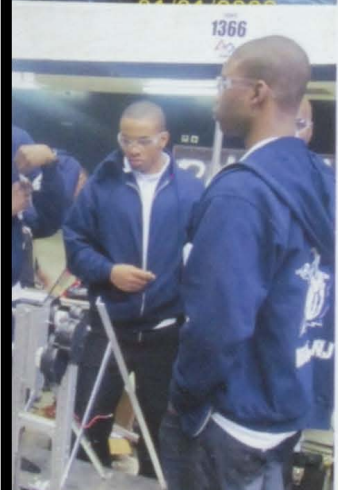

"The varsity sport for the mind," FRC combines the excitement of sport with the rigors of science and technology. Under strict rules, limited resources, and time limits, teams are challenged to raise funds, design a team "brand," hone teamwork skills, and build and program robots to perform prescribed tasks against a field of competitors. It is as close to "real-world engineering" as a student can get.

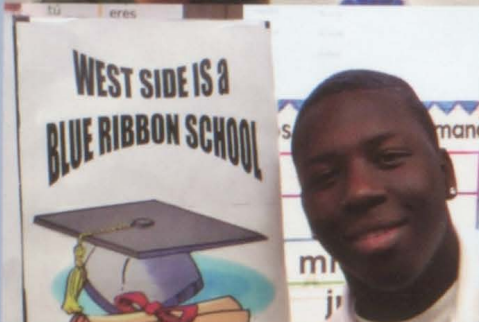

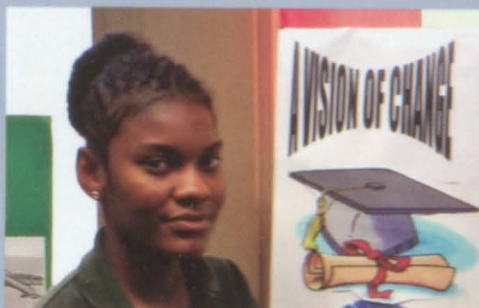

WSHS Roughriders TEAM 1366

Future Educators of America

"A class room is waiting."

The Future Educators of Association (FEA) is a club for students majoring in education as well as for students interested in working with children not necessarily in a classroom setting. The Future Educators Association (FEA), a member of PDK International, is an international professional organization dedicated to supporting young people interested in education-related careers. Founded in 1937, FEA has helped thousands of students develop the skills and strong leadership traits that are found in high-quality educators over the past 75 years. FEA activities are designed to benefit students, teachers, schools, and communities in a number of ways. FEA is an effective and dynamic way for you to:

- Attract exemplary future educators and begin averting teacher shortages at a local level, particularly within the areas of math, science, and special education;

- Encourage students from diverse cultural and ethnic backgrounds to enter the education profession;

- Elevate the image of teaching and promote it as a challenging and rewarding career;

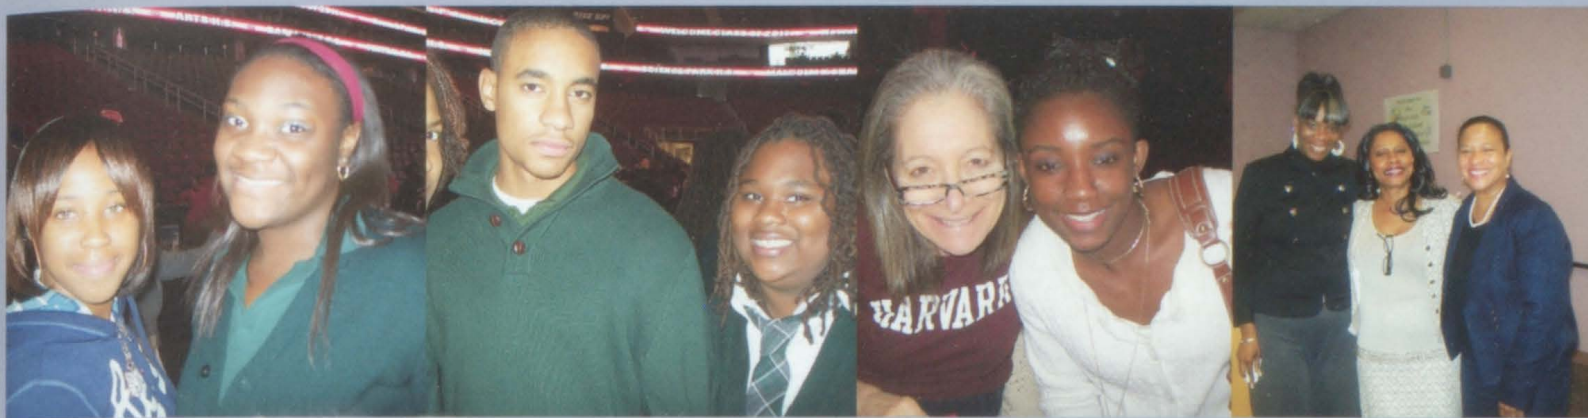

- Enhance and facilitate school and college/university relationships; and

- Improve student achievement by focusing on the cognitive and pedagogical underpinnings of academic performance.

By elevating the image of teaching, FEA will attract dynamic and diverse students who will become tomorrow's great educators.

-Kendra M. Gilliard

Stand and Deliver

Stand and Deliver: Communication Tools for Tomorrow's Leaders was founded in 1999 by the Caucus Educational Corporation to teach young adults to communicate clearly and effectively with passion. Stand and Deliver believes that by building a young adult's ability to communicate effectively, it strengthens self-esteem, confidence, and leadership development. The Stand and Deliver workshops provide urban youth the necessary skills to fully participate in the workforce, lead and facilitate change, and document civic issues.

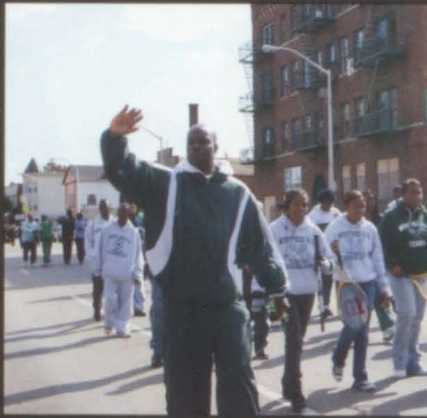

Before I joined the Stand and Deliver program two years ago, I was not a very good communicator. The symposiums that we participated in helped me speak in front of crowds, communicate with my peers effectively, and helped me become a leader. The Stand and Deliver program gave me a confidence that I did not have before and I would suggest it to the kids that come along in the future.

SIGMA BETA

The Sigma Beta Club was founded in 1950 by Dr. P. Moore, a member of Phi Beta Sigma, Fraternity, Incorporated as a male mentor group to help address issues that impacted young African American males. Sixty-one(61) years later the Sigma Beta Club still endeavors to positively impact the lives of young African Americans males who are marginalized by society. Further, through the Sigma Beta Club young men between the ages of 8—19 years of age are exposed to educational, cultural, social and economic events that will transform their lives. Additionally, the gentlemen of the Sigma Beta Club are mentored primarily by the Men of Phi Beta Sigma and strive to internalize and embody the high ideals of Brotherhood, Scholarship and Service. Lastly, the Sigma Beta Club has produced young men of character and integrity who walk proudly today as productive men. The West Side chapter of the Sigma Beta Club is supervised directly by Mr. Jenabu Williams and Mr. Willie Worley.

Alma Mater

(PAST)

Hail, Alma Mater,
Hail, West Side High.
For we are loyal,
Our praise shall never die.
Glory and honor,
Shining in the sky.
Raise your voices mighty,
Hail, West Side High.

Hail, Alma mater,
Hail, West Side High.
Wave your colors royal,
The green and white shall fly.
Live on forever,
Let this be our cry.
Raise your voices mighty,
Hail West Side High.

(PRESENT)

In morning light and evening fall,
Through all the days of coming years
In times when glowing futures call
In hearts with laughter and with tear,
Our love for you will never die,
Oh Alma Mater, West Side High

This love we have for you has grown
More bright than any treasured gold,
It deepens through each friend we've known
Each truth that to our hearts is told.
Within the rooms where wisdom calls.
Our love for you will never die,
Oh Alma Mater, West Side High.

Through we have need to wander far,
Close in our hearts your name will be,
Your goodness, like a radiant star,
Will rise with every memory
And having these sweet dreams of you,
We shall remember and be true.
Our love for you will never die.

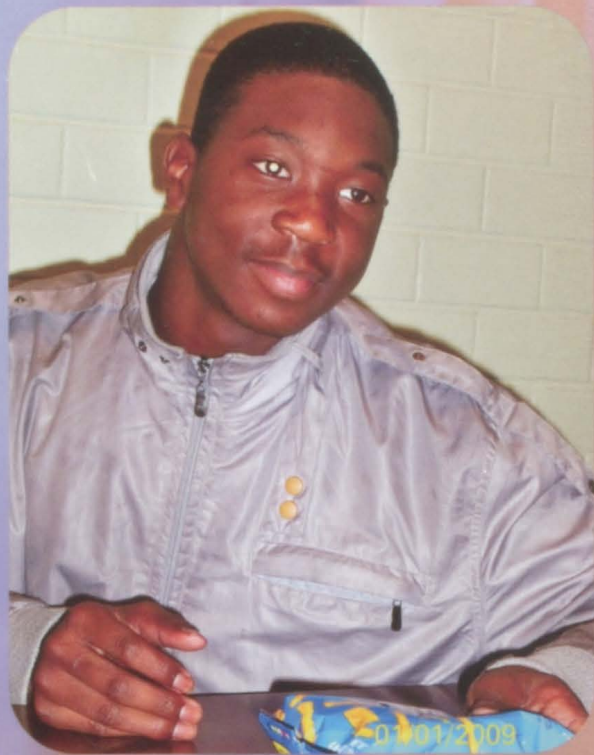

In morning light and evening fall,
Through all the days of coming years,
In time when glowing futures call,
In hearts with laughter and with tears,
Our love for you will never die,
Oh Alma Mater, West Side High!
Our love for you will never die.

Dribble, pass, and shoot.
Defense, Hands-up,
a goal to block your opponents shot.
Is it as simple as that?
What about determination, teamwork,
perseverance, and skills?
They don't develop over night.
It takes hours of practice, sportsmanship, and an
effort to be the best.
When you step onto that court, the worries of the
world disappear, and the rush of the game
takes over you.
It's the love you have for the game, and the heart you
have to continue working at it.
It is Basketball.

I Am Freedom

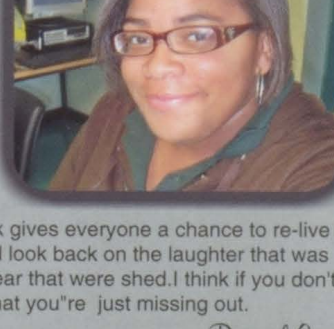

I am freedom,
Your blissful release,
Search and discover,
The perfect peace.
I can't tell you,
how it feels to be free,
Search yourself and live for me.
I know the struggles
you have to face,
Breath reprieve to find your space.
I am freedom your distant dream.
Run with the sun
in the fields of green.
I know the battles you have to win.
Dance the chance
you will find within.
I am a lover,
A gentle kiss,
A look.
I can't tell you how it feels to be free.
Try, aim high
And discover me.

Ms. Mosselle & Ms. Sherman, Advisers

YEARBOOK *2011*

Everyone wants to
know why you need to
get a yearbook??

It's because the yearbook is the book that you get to refer back to and remember the good times and amazing friends and teachers that might have made a difference to you. The yearbook shares moments and memories that everyone enjoyed and had a blast doing. The yearbook captures the events and sports teams, coaches. Even when your school loses a student they will be remembered as a fallen Angel that lost the chance of being with your school/grade through the exciting, horrible, amazing, wins, and losses, etc.

Any yearbook gives everyone a chance to re-live the moments and look back on the laughter that was shared and tear that were shed. I think if you don't have a yearbook that you're just missing out.
